The Parties are party to the Cattle Feeding Agreement, dated as of February 20, 2017 (as amended from time to time, the "Feeding Agreement"), pursuant to which Easterday agreed among other things to procure feeder cattle on Tyson's behalf ("Feeder Cattle") and feed such cattle at its feed yard.

EXHIBIT B

Cattle Feeding Agreement

Tyson Fresh Meats (TFM) hereby enters into this Cattle Feeding Agreement with the producer named below (EASTERDAY RANCHES, INC.), located at:

5235 North Industrial Way
Pasco, WA 99301

EASTERDAY RANCHES, INC. has requested to have cattle on feed at EASTERDAY RANCHES, INC.'s or EASTERDAY RANCHES, INC.'s affiliate's feedyard that EASTERDAY RANCHES, INC. will manage, and EASTERDAY RANCHES, INC. will provide TFM a return of all invested capital (including interest) plus \$15 per head in accordance with the terms hereof.

By entering into this agreement, EASTERDAY RANCHES, INC. expects to utilize feedyard capacity, charge reasonable costs for managing the feeding and care of the feeder cattle, and keep all profits, if any, above and beyond the amounts returned to TFM pursuant to the settlement mechanisms provided herein.

Notwithstanding, EASTERDAY RANCHES, INC. understands that EASTERDAY RANCHES, INC. is not guaranteed a profit and that EASTERDAY RANCHES, INC. bears the market risk that cattle fed hereunder will not return amounts sufficient to return TFM's invested capital (including interest) plus \$15 per head.

Procurement and Volume:

EASTERDAY RANCHES, INC. will procure feeder cattle into the program and provide feeding space at EASTERDAY RANCHES, INC.'S or EASTERDAY RANCHES, INC.'s affiliate's feedyard for 75,500 to 90,500 head of cattle. The feeding space will be turned approximately twice per year for an annual capacity of approximately 145,000 to 180,500 head. EASTERDAY RANCHES, INC. will feed and manage the cattle to an acceptable finished weight and provide them to TFM's Pasco WA 032 plant for slaughter during the term hereof. **In the event EASTERDAY RANCHES, INC. desires to utilize a third-party feedyard for feeding cattle under this agreement, EASTERDAY RANCHES, INC. must first obtain the written consent of TFM.**

Under no circumstances does TFM expect or want EASTERDAY RANCHES, INC. to place cattle that are not profitable. If at any time EASTERDAY RANCHES, INC. does not believe that EASTERDAY RANCHES, INC. will reach the approximate volume profitably, EASTERDAY RANCHES, INC. must notify TFM cattle procurement so as to allow TFM to make other arrangements. In the event any amount under the agreement is past due and owing by EASTERDAY RANCHES, INC., no additional cattle may be placed with EASTERDAY RANCHES, INC. by TFM.

Funding of Cattle

EASTERDAY RANCHES, INC. will provide TFM supporting documentation in regards to procurement costs of feeder cattle showing the type, weight, kind and lot designation of the feeder cattle EASTERDAY RANCHES, INC. proposes to be purchased and fed pursuant to this agreement, along with reasonably detailed calculation of the estimated breakeven for each lot. TFM shall review the documentation and estimated breakeven calculations and, if TFM reasonably believes that the cattle will be profitable, approve the same. Upon approval, EASTERDAY RANCHES, INC. shall purchase the cattle in accordance with the documentation, and TFM shall reimburse EASTERDAY RANCHES, INC. for the same. Upon reimbursement, EASTERDAY RANCHES, INC. shall, at TFM's request, provide TFM with title documents evidencing TFM's ownership, including but not limited to bills of sale. TFM will track the costs of feeder cattle in TFM's system for purposes of settlement as provided herein. The parties are independent contractors and each is responsible for their own accounts. EASTERDAY RANCHES, INC. will not place or permit any security interest on the cattle fed for TFM under this agreement without the express written consent of TFM.

If any feed provider of EASTERDAY RANCHES, INC. asserts or files any lien or claim against EASTERDAY RANCHES, INC. (or does so after the date of this amendment) as security for feed or other supplies provided to EASTERDAY RANCHES, INC. on credit or otherwise, and which lien or claim could potentially cover the cattle under the agreement, EASTERDAY RANCHES, INC. will provide TFM immediate notice of such lien or claim and all pertinent details related to such lien. If TFM determines that the feed provider has unpaid bills for feed that was provided to cattle under the agreement, TFM can pay such feed bills directly to the feed provider and deduct such amounts from any outstanding feed bills from EASTERDAY RANCHES, INC..

Grow Costs

EASTERDAY RANCHES, INC. will bill TFM twice monthly (1st and 15th) the costs associated with growing the cattle to market weight. The bills will be presented to accurately reflect costs by lot of cattle. After TFM receives the bill for feeding and grow costs, TFM will reimburse EASTERDAY RANCHES, INC. for all feeding and grow costs upon review and approval by appropriate TFM management. The exception will be the feed bill for the final month. That feed bill will be included in the calculations of the final settlement. TFM will track such costs in TFM's system for purposes of settlement as provided herein. TFM will be allowed to audit EASTERDAY RANCHES, INC.'s records to confirm the feeding and grow costs, as well as the cost of feeder cattle, and EASTERDAY RANCHES, INC. will keep all such records for a period of at least 2 years.

Cattle Delivery and Market Value

EASTERDAY RANCHES, INC. and TFM cattle buyers will coordinate the scheduling and delivery of market ready cattle to TFM's LOCATION plant for slaughter. The market value of the cattle shall be determined by TFM's formula. Cattle presented for slaughter will be grouped by EASTERDAY RANCHES, INC. identified lot designation. No individual delivery should contain cattle from more than one individual lot. (A lot must be closed out within 45 days of the first cattle marketed from that lot; undelivered cattle remaining after 45 days shall be purchased from TFM by EASTERDAY RANCHES, INC..)

The market price will not be paid to EASTERDAY RANCHES, INC. but will be used in the calculation of final settlement as shown in the section titled "Settlement and Return on Investment."

Risk Management

EASTERDAY RANCHES, INC. shall be solely responsible for management of market risks arising hereunder. Any losses resulting from the management of market risk will be the sole responsibility of EASTERDAY RANCHES, INC. and will not be included in the settlement between EASTERDAY RANCHES, INC. and TFM. Notwithstanding, EASTERDAY RANCHES, INC. has the option to use TFM CME contracts, both basis and actual basis, to help manage his risk. If those are used, they will be handled as part of the pricing mechanism, and will be accounted for using normal TFM accounting methods.

Capital Costs

TFM agrees to fund 100% of the procurement and growing costs of cattle. As such, TFM will incur costs related to this funding. TFM's cost of capital will be the 6-month Libor rate in effect as of the date this agreement is entered plus 400 basis points. This rate will be reviewed and updated every six months thereafter for the term of the agreement. EASTERDAY RANCHES, INC. will include TFM's interest cost as part of each lot's final production cost.

Risk of Loss

As caretaker of the cattle, EASTERDAY RANCHES, INC. bears all risk of loss due to casualty, death, accident, weather, acts of God or otherwise. For purposes of certainty, the settlement and TFM's return on investment shall include TFM's negotiated profit with respect to any cattle not delivered.

Settlement and Return on Investment

In consideration of TFM funding the cost of the cattle, along with funding the feed and care of the cattle, EASTERDAY RANCHES, INC. will reimburse TFM all such costs including interest, plus \$15/per head. Within one week after the final head of a lot is delivered to TFM's _____ plant, the final settlement on the lot will be calculated, with the settlement being made by either party within five business days. The calculation will be similar to the following examples:

a ranch in Washington state in the United States.

Making the ranch the main source has enabled delivery of
reliable American beef!

It's reassuring to be able to see the producer's face and achieve high-level quality control.

Exclusive producers!

Ensuring the cattle collection farms work out of Cody's Easter Day Feed (A normal American beef production plant collects and carries in cattle from more than 100 growers) makes it possible to thoroughly control production and achieve a supply of reliable beef from the United States!

In-house cultivated feed!

Corn is the main source of feed for cattle. About half of the feed is corn produced by Cody who also grows agricultural products!

Reliable

Quality

Proudly offered meat quality!

About 85% of the cattle raised by Cody are Angus breeds which have an established reputation as quality meat. The average growing period for corn is 145 days (US average 120-130 days), and his beef is cultivated with great care. He is proud of the meat quality!

The farm is located near the plant which reduces the stress on the cattle!

It takes about 30 minutes to get from Cody's farm to Tyson's processing plant. The conditions are more manageable with shorter distances to travel than typical distances. This reduces stress on cattle and keeps them in good quality.

The cut is good, and the number of pieces included are also standardized for Japan!

Tyson Pasco plant, who is in charge of slaughter and processing, slows down the line speed more than normal and emphasizes extra care on work rather than production efficiency. Additionally, unlike ordinary products from the Pasco plant, Cody's beef was standardized in the number of pieces included for Japan.

Re: Easterday Restitution Issues

Gentlemen,

Last Friday, Brian, Jeff Miskey, the Easterdays' Bankruptcy attorney, and I conferred concerning the status of the Bankruptcy and a few remaining issues that exist with respect to the Tyson restitution. It is my understanding that most recently Tyson received a distribution out of the Bankruptcy in the sum of \$62,417,952.00. Segale's distribution was \$3,492,780.00. It is further my understanding that there is approximately another \$8,000,000.00 or \$9,000,000.00 that will be contributed. However, this money will not be received for a few years as it is due from the Easterdays at a later date.

In the course of our discussion on Friday, I brought up three issues that I think should be considered with respect to the restitution.

The first relates to the unpaid feed bill due Easterday Ranches by Tyson for cattle that were fed both prior to the Bankruptcy and then post-Bankruptcy. I raised this issue with Fritz a few weeks ago.

Brian M. Donovan
John (Fritz) Scanlon
September 19, 2022
Page 2

In essence:

“Easterday Ranches, Inc. provided feed and care of cattle owned by Tyson for which it was not paid in the amount of \$11,970,095.18 – pre-petition feed and care costs of \$9,452,439.65 and post-petition feed and care costs of \$2,517,655.53.

1. The pre-petition feed was not disputed as it was reported on Easterday Ranches, Inc.’s, monthly operating reports as a receivable throughout the Bankruptcy proceedings, but was never paid.
2. The post-petition feed was never recorded as a receivable by Easterday Ranches, Inc., but were accrued through February 15, 2021 prior to the Debtors settlement with Tyson. The details and reconciliation for feed amounts owed prior to the settlement have never been made available.”

Second, there is a significant issue with respect to money that Tyson illegally collected from Easterday from the time period of 2010 through November 2020. Notably, Tyson has maintained that it owned the cattle that were purchased and fed by Easterday Ranches, Inc. See the attached Confirmation of Ownership Agreement, as well as, the Feed Agreement between Tyson and Easterday. Unfortunately, Tyson treated the agreements as if Easterday had owned the cattle and collected over \$51,000,000.00 in interest and guaranteed profits during this time period, when in fact it was not entitled to them. If indeed Tyson owned the cattle as is represented by the two agreements, Tyson was not entitled to interest and guaranteed profits. As the Packers and Stockyards Act of 1922, Section 201.98 prohibits “Packers and dealers from charging, demanding, collecting from seller of the livestock (e.g. Easterday Ranches, Inc.) any compensation in the form of commission, yardage, or other service charges unless the charge is mandated by law or statute and is not inconsistent with the provisions of the Act (*Emphasis added*).”

The table below provides a summary of prohibited compensation amounts collected by Tyson from Easterday Ranches, Inc., as reported in Tyson’s own settlement sheets.

PROHIBITED SERVICE CHARGES COLLECTED BY TYSON			
Year	Interest	Guaranteed Profit	Total Service Charges
2010	393	337	729
2011	1,609	1,151	2,760
2012	2,090	1,215	3,306
2013	2,323	1,268	3,592
2014	2,284	1,185	3,469
2015	4,067	1,492	5,559
2016	3,584	1,355	4,939
2017	3,454	1,350	4,804
2018	4,984	1,443	6,426
2019	8,877	-	8,877
2020	6,573	-	6,573
	40,238	10,797	51,034

Finally, there are amounts owing from Tyson for the use of Cody's name and likeness. I am attaching a copy of the marketing document that had been utilized by Tyson to market beef to Nippon Group (now NH Foods Group) under the label "Cody's Beef" for at least eight years and as long as eleven years without sharing in the profits or paying for the name and likeness. The agreement between Cody and Tyson was that if the program was profitable for Tyson they would share the profits with Cody. Obviously the brand and label was very valuable to Tyson and the program was valuable as it marketed its beef under the Cody Son name for no less than eight years. Cody and Easterday Ranches, Inc., have never been provided with any reconciliation of the monies that were received, the profits that were recorded, or any amount due to Cody. Rather, Tyson has solely retained all profits arising out of this marketing arrangement.

It is my position that these three items should be offsets against the remaining amount of restitution that Cody owes. To that end, I think it would be appropriate to continue the restitution hearing to deal with these three issues only and allow for some briefing and perhaps discovery, and to allow the Court to make a determination as to whether these offsets are appropriate.

I will be filing our motion for downward variance today. It is also my intention to soon file a motion to continue the restitution hearing on these three issues but I first wanted to hear from you as to whether or not you would be in agreement or opposed.

Thank you for your quick attention to this matter. Should you have any questions concerning this letter, please feel free to contact me.

Hi Carl,

Fritz and I have had a chance to discuss and we plan to take the position at sentencing that the Court should (1) enter an order of restitution in the amount agreed to in the plea, and (2) orally pronounce and record in the judgment that Cody should receive credit for the ~ \$62M to Tysons and ~\$3.9M to Segale paid out in the bankruptcy. As to any other credits or offsets that Cody believes he is owed from Tysons for the three reasons in your letter, we will dutifully apply any future credits or offsets as directed by the Court, Tysons/Segale, or as agreed to by the parties. Whether the Court wants to carry over the dispute between Cody and Tysons as to those three potential offsets under 18 USC 3664(d)(5), we would only object to the extent it delays Cody's reporting to BOP custody. Otherwise, we take no position on whether an additional hearing is necessary/warranted.

Thanks,
Brian

Gentleman,

I wanted to reach out this morning to follow up on my September 19th letter concerning the 3 restitution issues that I had raised. I would like to get a motion filed by the end of the week to continue part of the restitution hearing to address these issues but wanted to get a response from you first. Could you please give me a heads up today. In the motion I need to advise the Court that we have conferred and agree or disagree with the requested relief. I am available most of the day to confer if you want with the exception of 9:30 to 11:00 a.m. and 1:30 to 3 p.m.

Also, the Government's brief referred to the Tyson victim's impact statement. I have never seen that statement. Would forward a copy to me please?

Thanks for your consideration.
